PULSAFE

Industry

- Administration

Product Use

Triacetate lenses provide protection against molten metals and not solids penetration

Triacetate offers excellent resistance to chemical products and scratches as well as heat protection

Protection against splashes of liquids

Features & Benefits

Feature

A robust, heavy-duty, helmet mounted faceshield with hearing protection compatibility Compatible with a wide range of helmet designs (size, shape and geometry)Visor fixing method is secure and allows easy visor replacement

Benefit

it gives maximum protection, allowing full unrestricted head movement

Feature

Full face protection: optional chinguard versions available for added protectionCreased visor eliminates gaps and visor profile follows contours of the face Visor selection can be tailored to the specific hazard/application: mechanical,

chemical, heat etc. SH items are compatible with the complete range of helmet mounted earmuffs including Bilsom communication earmuffs

Benefit

Design allows the visor to be tilted whilst leaving the earmuffs in place covering the ears. It also facilitates the wearing of the earmuffs without compromising the attenuation, whilst maintaining a maximum area of facial coverage
